NAME1
ADDRESS 1 ADDRESS 2
CITY, STATE ZIP

Dear NAME1:

Until very recently, Comm South Companies, Inc. ("Comm South") had been providing your **local telephone service** (dial tone) over the resold facilities of SBC California Telephone Company. As you may be aware, Comm South is no longer able to provide your **local telephone service**.

But for the terms of the [tariff/agreement] governing Comm South's service to you, once Comm South's account with SBC California was disconnected, your **local telephone service** would have been disconnected, too. To prevent your service from being disconnected without notification to you, SBC California began providing local telephone service to you on March 13, 2006. You can continue receiving this service through April 13, 2006. You will be billed by SBC California for services provided to you during this transition period at our prevailing tariff rates.

Important: To continue to receive service after April 13, 2006, you must arrange for service with one of the **local telephone service** providers in your area. Before that date, you must contact the provider you prefer to arrange for service. Contact numbers for the local telephone providers in your area are available in your local telephone directory. You must make arrangements with a provider before April 13, 2006 to avoid interruption of your service.

Should you wish to continue receiving SBC California service after April 13, 2006, please call our business office. The telephone number for the SBC California business office in your area is available in your SBC California White Pages directory.

Remember, you must act before April 13, 2006 to prevent a disruption in your **local telephone service**.

If you have changed your **local telephone service** provider since April 13, 2006, please disregard this letter.

Sincerely,

Jodi Kopenski
